

Maurice Wilkins Centre

Travel Scholarships

2010 Asian Science Camp, Mumbai, India

- Are you interested in Physics, Chemistry or Biology? ●
- Would you like to travel to India and mix with others who share your interest? ●
- Would you like to share ideas with Nobel Prize winners? ●

The 2010 Asian Science Camp (ASC) will be held August 17th – 22nd in Mumbai, India. It will involve about 200 final year high school students from the Asian region (and accompanying teachers), who will learn directly from Nobel Laureates and other eminent scientists in the fields of physics, chemistry and biology.

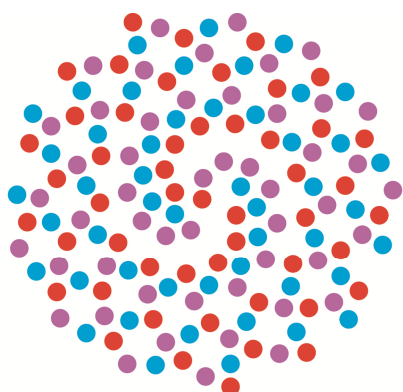

The Asian Science Camp will provide the successful applicants with an invaluable opportunity to further develop their interest in science and mix with some of the best and brightest in the Asian region.

The Maurice Wilkins Centre will provide travel scholarships for two Year 13 students and one teacher to attend the 2010 Asian Science Camp. The scholarship will cover the full cost of return economy class travel from New Zealand (nearest airport to applicant's home address) to India. Other costs will be covered by the ASC Committee.

More information and application forms can be found online at

www.mauricewilkinscentre.org

Closing date for applications – Friday May 21st 2010

- New Zealand's Centre of Research Excellence devoted to new drugs and vaccines
- Targeting cancer, diabetes, infectious disease
- Leaders in biology, chemistry, and computation
- Training future leaders in biomedicine
- Building the new economy
